

Will you help us send missionaries to new countries?

# New name, new places, same mission

Friends Network is a collaborative effort between two mission organizations that share a common goal: **to build eternal friendships.**

To carry out this mission, FN recruits, trains, sends, and supports WELS lay missionaries around the world.

Friends Network (formerly Friends of China and Friends of Vietnam) is a WELS-affiliated ministry. They have trained and supported over 330 lay missionaries since the year 2000. These missionaries work in partnership with WELS world missionaries and national CELC churches.

## God is opening new doors

Friends Network has an opportunity to expand to new mission fields. In the fall of 2021 FN will send teams to Vietnam, Thailand, and Japan to carry out a simple mission:

1. Meaningfully engage with culture and community
2. Establish authentic friendships
3. Share the Gospel where God gives opportunity

## You can help!

1. Do you know any candidates who might want to serve as evangelists in an international setting? **Help us recruit!** Now is the time.

2. Is your school or church looking for a mission partner? **You can help us send and support new missionaries** by offering a gift.

3. Would you like to learn more about our work? **Our alumni would love to visit your church or school** and share their mission stories.

*"And pray for us, too,  
that God may open a door for our message."*
